Attn: Incident Management Division

**Date of Original Authorization:** 21 September 2010

**Document Number of Original Authorization:** 34/10/33/0/V/YD/037

**The Authorization cited above is amended as follows:**

In order to clarify and amend original Scope of Work as follows:

- EPA will attend a Pre-Performance Briefing to be given by USCG 12 December 2010.
- The requirement for development of a written report (Phase I) deliverable to USCG is the draft EE/CA and not a separate report.
- USCG will be responsible for all NCP lead agency actions such as: establishing the site Administrative Record, soliciting and responding to public comments on the Administrative Record (pursuant to 40 CFR 300.820), and conducting Community Relations. EPA will assist USCG and provide technical advice as required in the above functions.
- EPA will consult and work with NOAA National Marine Fisheries Service (NMFS) to assess Endangered Species Act (ESA) requirements, and provide USCG with the appropriate recommendations and/or draft documents for ESA compliance.

All other conditions of the original PRFA remain in effect.
